

Reception Newsletter!

1st March 2018.

Dear Parents,

This half term 'The Parrots' have been learning about different Fairy tale stories including the midnight man and Cinderella.

They are all trying extremely hard with their reading, writing and numbers and are getting very good at re-telling stories.

Homework

Well done to everybody for continuing to bring in your homework books. Your children have been working really hard on their homework challenges and are eager to show us their work in school.

Topic

Next half term we are excited to announce that our new topic will be 'growing, growing, grow!'

We will be beginning with *Alice in Wonderland* and moving into *Jack and the Beanstalk* and finally *Easter*.

Maths

This half term we are going to share a focus on number. We will be looking at measuring, money, addition and subtraction. It will greatly help if you can reinforce this practice at home within your child's daily routine.

How children learn about numbers and develop mathematical understanding during the early-school years is vitally important and sets them on a path towards numeracy skills and confidence in later life.

Polite Reminder...

Please can we ask that children do not bring in toys from home.

We are worried that they may get broken or go missing because children are getting them out of their bags during the school day.

Have a lovely half term!

Thank you
The EYFS Team
