

Learning Project- View Points
Week 5

Age Range- year 5 and 6

Weekly Maths Tasks (aim to do one a day)

- Get your child to play on [Times Table Rockstars](#).
- Ask your child to show everything they know about fractions on a piece of paper. This could be pictures, diagrams, explanations, methods etc. Get them to be as creative as they want to be.
- Allow your child to play on [Hit the Button](#) - focus on times tables, division facts and squared numbers.
- Direct your child to practise [matching fractions](#) on this game. Get them to work on the mixed numbers.
- Daily [arithmetic](#) for different areas of maths. Ask your child to work on level 4, 5 and 6 activities and try to focus on fractions.
- Get your child to work on their [reasoning and problem solving](#) by practising past SATs questions that are broken down into topic areas and have videos linked to them that can be watched if needed. As these are older papers these are suitable for both years 5 and 6. Click on one of the topic areas listed to gain access to the questions.

Weekly Reading Task (aim to do one a day)

- Ask your child to read a chapter from their home reading book or a book that they have borrowed from the library.
- Following this, ask your child to create a set of multiple choice questions about what they have read.
- Encourage your child to note down any unfamiliar words from the chapter they have read. Explore the meanings of these words by using a dictionary, reading around the sentence or using print conventions.
- Direct your child to [Love Reading](#). Ask them to explore the Book of the Month and previous books of the month. How many have they read?
- Your child can log on to [Oxford Owl](#) and read a book that matches their book band. After this, direct your child to review the text and justify their opinion with examples from the text.

Weekly Phonics/Spelling Tasks (aim to do one a day)

- Encourage your child to practise the Year 5/6 Common Exception Words ([see list](#)).
- Then ask your child to choose 5 Common Exception words. They can then write a synonym, antonym, the meaning and an example of how to use the word in a sentence.
- Practise spellings on [Spelling Frame](#).
- Ask your child to create a word bank of feelings that they have felt over the week. They may be able to identify any spelling rules the adjectives contain. Encourage them to try and include an adjective with a silent letter.
- Get your child to proofread their writing from the day. They can use a dictionary to check the spelling of any words that they found challenging.

Weekly Writing Tasks (Aim to do 1 per day)

- Ask your child to write a blog post summarising the events from the day/week. Encourage them to think about how the language they use may be more informal.
- Ask your child will be composing an email or writing a formal letter to a 12 year child from a country of their choice. Ask them to describe what is happening in the world at the moment. They can then compose a reply. How does each world differ?
- Encourage your child to put themselves in their Mum's or another family member's shoes. Can they write a poem about how they might be feeling with what is happening in the world currently?
- **Schools should open at the weekends.** Do you agree/disagree? Your child can write a discussion about this statement.

This will also enable them to check that the meaning of the word is suitable for the sentence.

- **Story Task.** Ask your child to write an alternative ending to their favourite story. How might it end differently?

Learning Projects (to be done throughout the week)

The project this week aims to provide opportunities for your child to learn more about different viewpoints. Learning may focus on physical viewpoints in terms of what you can see outside of the window at home, what others can see looking into your home and then progress onto personal viewpoints and of others.

- **Viewpoints and Mood** - Ask your child to look into a room in the home and think about how it makes them feel. They can then either draw something linked to how they feel when looking in the room or draw an object from the room and then colour, shade or paint it in a colour that reflects their current mood.

- **London Views-** Big Ben, the Gerkin, the London Eye are just some of the famous viewpoints within London. Your child can choose a London viewpoint and use Google Earth or Google Maps to create an accurate scaled map of the location of the landmark.

- **Understanding Others and Appreciating Differences:**

Listen to different pieces of music from around the world, which styles of music do they prefer and why? [Music](#) Maybe they could learn a song by heart and perform it.

- **Stay Active-** Each day take part in a different [Go Noodle](#) activity, these can also be found on YouTube. Remember the recommendation is to take part in a least 2 hours of exercise a day.

Additional Learning

[Classroom Secrets Learning Packs](#) - These packs are split into different year groups and include activities linked to reading, writing, maths and practical ideas you can do around the home.

[Twinkl](#) - to access these resources click on the link and sign up using your own email address and creating your own password. Use the offer code UKTWINKLHELPS.

[Headteacherchat](#) - This is a blog that has links to various learning platforms. Lots of these are free to access.
